Objectives and Investment Policy summary

AssetMix Ci Conservative Fund

Objective:

The objective of the Fund is to provide investors with income and conservative capital growth with a focus on capital preservation.

Investment Policy:

The Fund will have an equity exposure of a maximum of 40% of the Fund's net asset value. The composition of the Fund shall reflect the investment structure of a retirement fund with a low risk profile and will comply with the investment guidelines governing retirement funds.

Investments to be included in the Fund will, apart from assets in liquid form, consist of equity securities, non-equity securities, convertible stock, preference shares and property securities. The Fund may also include participatory interests in portfolios of collective investment schemes or other similar collective investment schemes registered in the Republic of South Africa or of participatory interests in collective investment scheme or other similar schemes operated in territories with a regulatory environment which is to the satisfaction of the manager and the trustee of a sufficient standard to provide investor protection which is at least equivalent to that in South Africa. The Fund may from time to time invest in listed and unlisted financial instruments, in accordance with the provisions of the Act, and the Regulations thereto, as amended from time to time, in order to achieve the Fund's investment objective.

The manager will be permitted to invest on behalf of the Fund in offshore investments as legislation permits.

Adherence to Policy Objectives

All of the above Funds adhered to their policy objectives as stated in their respective Supplemental Deeds for the quarter.

This report should be read in conjunction with the information contained in the Minimum Disclosure Documents on the Ci Collective Investments website: www.cicollective.co.za

Disclaimer: Collective Investment Schemes in Securities ("CIS") are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to future performance. CIS are traded at ruling prices and can engage in borrowing and scrip lending. Different classes of units apply to this portfolio and are subject to different fees and charges. A schedule of fees and charges is available on request from Ci. Ci does not provide any guarantee either with respect to the capital or the return of the portfolio. Forward pricing is used. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. International Investments may include additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information. AssetMix is an indirect shareholder of Ci. As an indirect shareholder, AssetMix may earn dividends from time to time and participation in any dividends may be linked to the revenue generated by Ci from the AssetMix portfolios, and from any other Ci portfolios. Ci retains full legal responsibility for this co-named portfolio. The portfolios may be closed from time to time in order to manage them more efficiently in accordance with their mandate. The AssetMix portfolios are portfolios established and administered by Ci, and AssetMix Solutions (Pty) Limited has been appointed to manage and market the portfolios. Ci retains full legal responsibility for this co-named portfolio. Additional information on the portfolio may be obtained, free of charge, directly from Ci. Ci is a Non-Voting (Ordinary) Member of the Association for Savings & Investment SA (ASISA). A FX fee of up to 0.05% (incl. VAT) on any FX transactions may be payable to AssetMix in addition to the annual fees.

Total Expense Ratio (TER): For the period from 1 July 2022 to 30 June 2025, the TER % has been annualised and indicates the percentage of the value of the portfolio which was incurred as expenses relating to the administration of the portfolio over the rolling 3 year period or since fund inception, on an annualised basis. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER's cannot be regarded as an indication of future TER's.

Transaction Cost (TC): For the period from 1 July 2022 to 30 June 2025, the TC % has been annualised and indicates the percentage of the value of the portfolio which was incurred as costs relating to the buying and selling of the assets underlying the portfolio. Transaction Costs are a necessary cost in administering the portfolio and impacts portfolio returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of portfolio, investment decisions of the investment manager and the TER.

Total Investment Charge is the TER plus TC which indicates the percentage of the value of the portfolio which was incurred as costs relating to the investment of the portfolio.
